

**THE CAMPUS**

One of our most iconic traditions means that knowing under this arch ensures a long and happy life together.

So you want to \_\_\_\_\_ / Or \_\_\_\_\_ / Or maybe try your hand at \_\_\_\_\_. Whatever your blanks are, we'll do more than just help you fill them in. We'll give you the tools to truly excel at them. Including millions of books, online indexes, databases, and journals in the library, a lab for every art and science. Care to try your hand at *ornithology*?... places to study, or play or work out or just hang out. Plus as many brand-new buildings as opportunities to uncover pieces of history. And while having impressive facilities is great, we know that it's what's inside that counts. Which is why we fill these buildings with professors focused on educating undergraduates.

*The branch of zoology dedicated to the study of birds. And at Miami it's not simply studying birds. Undergrads make real contributions as members of research teams. At larger schools, that's pretty rare—as rare as spotting a Lesser Athya in flight.*

Did anything happen today that was funny, cool or just plain weird? It might be something you'll want to remember ten, twenty, even thirty years down the road. And the Alumni Association is here to help, by bringing together classmates and friends for reunions, quick getaways, or even semi-impromptu cookouts. Just keep us updated with your current email and home address. We'll send you updates on not only current alumni events, but events and happenings tailored specifically for you. And all you have to do is show up. (With your fondest memories, of course.)

# Help us put a price on priceless experiences.

WE KNOW, WE KNOW YOU HAVEN'T EVEN graduated yet. Why are we sending you something about donating? Because being an alumni starts the second you walk across the podium. And part of being a good alumni involves giving back. Your college experience was—in large part—due to people exactly like you. People who graduated and then felt like it was time to contribute to the Miami experience so that it will be available to future generations. Sometimes they give \$15,000. Sometimes, \$15. And sometimes, they give their time. Just know that no matter the donation, it will be appreciated and even celebrated. So whether you adore the pristine campus, the multitude of sports programs, your research opportunities, or just the spirit of Miami University, we hope that you'll help us continue to grow and prosper.

A DIFFERENT  
KIND OF MIAMI  
EXPERIENCE

*Our students are tremendously diverse—in terms of culture, heritage, age, and life experiences—but just about all of them have one thing in common:*

**RESPONSIBILITIES OUTSIDE OF THE CLASSROOM.**

Maybe you can relate? Whether it's a job, a family, or financial obligations—we realize these realities influence what students are looking for in an education.

*That's why we're built to be flexible.*

Our regional locations are designed to help you further your education nearby. Here, you can pursue your four-year degree in a program created to help fill current industry needs. And we'll help you with logistics, offering on-site childcare, free tutoring, and career-building services.

**WHEN YOU START HERE, YOU CAN GO ANYWHERE.**

Studying at our regional locations will give you options. You can choose from many different degree programs, four different locations, and several online learning options. And if those options aren't enough, you can relocate to our main campus in **Oxford**, where you can choose from over 100 majors.

*To eliminate obstacles and help you focus on learning, we offer:*

- FREE ACADEMIC TUTORING AND ADVISING**
- CAREER, CO-OP, AND INTERNSHIP OPPORTUNITIES**
- ON-SITE CHILDCARE**
- CONVENIENT, FREE PARKING**
- SHUTTLE TO THE OXFORD CAMPUS**
- WIRELESS INTERNET**

# 19 MIAMI GRADS ARE Fortune 500 CEOs, BUT WHO'S COUNTING?

(Well, probably the 3,215 Miami accounting alums who call Ohio home.)

**For 200 years, Miami University has been helping  
shape the students who push Ohio forward.**

From the leaders of international companies to the folks who drive our economy, Miami alums bring leadership and entrepreneurial spirit to our state. As Ohio's original Public Ivy, we teach students to pair innovative thinking with an old-fashioned "can-do" attitude. And over the next 200 years, when ideas are shared—in board rooms or stock rooms or living rooms—and someone asks where that ingenuity comes from, we'll say, "It's homegrown."
