SOUGHT-AFTER TOY 

 **SLIGHTLY LESS**

SOUGHT-AFTER 

Keeping store shelves stocked is a pretty big job. It goes beyond simply delivering products to their destination. It's about delivering happiness to kids on their birthdays. Convenience to grocery shoppers. And doing so with the kind of personalized attention unmatched in our industry. And you're a huge part of that. So next time someone asks you what you do, you can tell them you make their kids' days a little more awesome.

 THE TOWELS   

    THAT MATCH

THE DECORATIVE SOAP

   THAT MATCHES

THE BATH MAT   

We ship bath mats, towels and all kinds of bathroom accessories to some of the biggest home goods stores in the country. But we do more than that. We deliver completed shopping lists. Convenience to people on-the-go. And we do so with a work ethic that's rare these days. And you're a huge part of that. So next time someone asks about intermodal transportation, tell them it's the industry in charge of getting them that one last thing they've been searching for.

WE ARE      

    **PAPER**  

    **OR PLASTIC**  

Sure, we ship bags to grocery stores all across the nation. But we deliver more than just goods and supplies to their destination. We deliver selection to consumers. Instant gratification to hungry patrons. And in doing so, we come up with some of the best transportation solutions in the industry. And you're a huge part of that. So next time someone asks you about Hub Group, tell them you're responsible for that difficult choice they make in the check-out line.

1.1 BILLION
INTERMODAL MILES TRAVELED

We are over 40 years of time-tested solutions. Our flexible asset light strategy is not only innovative, it's incredibly effective—a model that gives you access to over 23,000 of our own 53-foot containers and over 65,000 rail assets. We are also the only intermodal marketing company that is participating in a rail-owned chassis pool—and more chassis means that your freight will be more likely to get where it needs to go.

Over the years, we have invested in proprietary intermodal systems that allow us the most efficiency, security and clarity when executing your orders. Our advanced reporting technology allows you to manage your supply chain more efficiently, with a customized interactive dashboard that is distributed to our customers and can be updated on a daily, monthly or quarterly basis.

We've always maintained that our best asset is our people. We are home to 2,000 drivers and more than 1.1 billion intermodal miles traveled this year. All of these intermodal capabilities are strengthened by long-standing relationships with the nation's leading railroads.
